ORGANIZATIONAL CHART

TOWN OF CARRBORO

NORTH CAROLINA

WWW.TOWNOFCARRBORO.ORG

October 30, 2014

To the Honorable Mayor and Members of the Board of Aldermen Town of Carrboro

We are pleased to submit the Comprehensive Annual Financial Report (CAFR) of the Town of Carrboro for the fiscal year ended June 30, 2014 (FY 2013-14). As required by North Carolina General Statutes (NCGS), the CAFR includes financial statements that have been audited by an independent certified public accounting firm. Responsibility for the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the Town. To the best of our knowledge and belief, the enclosed data accurately presents the financial position and the results of operations of the Town as measured by the financial activity of its various funds. All disclosures necessary to enable the reader to gain an understanding of the Town's financial activities have been included.

Generally Accepted Accounting Principles (GAAP) requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Town's MD&A can be found immediately following the report of the independent auditors section. Other documents that are helpful in understanding the Town's budget and financial planning include the Town's annual operating budget and capital improvements plan documents. These documents, along with the annual audit report, are posted on the Town's website at <http://www.townofcarrboro.org/250/Financial-Documents>.

COMMUNITY AND ORGANIZATIONAL PROFILE

The Town is a small community located within Orange County in the north central portion of North Carolina. Carrboro is situated next to Chapel Hill and the University of North Carolina, and is near the Research Triangle Park. The area's topography is characterized by rolling hills. The Town, incorporated in 1911, now covers an area of 6.35 square miles and has a population of 19,702. The Town is distinctive in having one of the highest population densities (i.e., the highest number of persons per square mile) of any municipality in North Carolina in the 2010 Census.

The growth of the Town is directly related to the expansion of the University of North Carolina at Chapel Hill and growth in the Research Triangle Park. Enrollment at the University has risen from 8,791 in 1960 to 29,139 in 2013. It is anticipated that expansion will continue to occur in University-related health facilities, such as the University of North Carolina Hospitals, and with the proposed development of the Carolina North campus.

The character of the Town is driven by core values adopted by the Board based on maintaining a sustainable community that is a highly desirable place to live. These priorities are to:

- Diversify revenue stream to maintain ethnic and economic diversity;
- Protect historic neighborhoods and maintain Carrboro's unique identity;
- Improve walkability and public transportation;
- Encourage development that is compact, dense, and appeals to diverse lifestyles and incomes; and
- Enhance and sustain quality of life/place issues for everyone.

The support for these strategic priorities is noted by the amounts allocated within the annual operating and capital budgets, and the various awards received by the Town.

The Town commits over one million dollars annually to provide fare-free transit for Town residents in an effort to reduce reliance on automobiles and to promote public transit, walking, and biking. Carrboro is one of 27 communities in the nation that has been awarded the Silver Level Bicycle-Friendly Community designation by the League of American Bicyclists in recognition of its commitment to providing safe accommodations and facilities for bicyclists, as well as efforts to encourage bicycling for fun, fitness, and transportation. Additionally, the Town has amended its street standards to require bike lanes on all collector roads. According to the latest census, 5.2% of residents in Carrboro bike to work. The community approved a \$4.6 million bond referendum in November 2003 to construct sidewalks and greenways to increase the safety and convenience of walking throughout the Town's neighborhoods, including to schools, bus stops, shopping areas, and recreational facilities.

GOVERNANCE

The Town has a council/manager form of municipal government. Under the council/manager form of government, the Board of Aldermen performs the legislative functions of the Town: establishing laws and policies. The Board is an elected body and consists of a mayor and six aldermen. The mayor and the aldermen are elected by the voters of the entire town. The mayor is elected to serve a term of two years and the aldermen are elected to serve staggered terms of four years. The mayor acts as the official head of town government and presides at Board meetings. The mayor is a voting member of the Board. Appointments to advisory boards and committees are made by the Board.

The Board appoints a manager who carries out the laws and policies enacted by the Board, and is responsible for managing the Town's employees, finances, and resources. The Board also appoints a Town Clerk to maintain Town records, and appoints an attorney to represent the Board and Town administration in legal matters.

Local governments in North Carolina exist to provide a wide range of basic services on which we all depend: police and fire protection; public works (garbage collection, street resurfacing, fleet maintenance, landscaping, and building and grounds); planning; inspections and zoning; economic and community development; and parks and recreation programming. The major services provided by the Town include all of the services above, but exclude water and sewer services, and tax collections. Certain large costs assumed by the Town are for key services that are contracted with other governmental jurisdictions, such as transit, recycling, and landfill services. The Town also has administrative support units (e.g., personnel, technology, finance, budget, purchasing, etc.) that provide both direct services as well as indirect support services.

ECONOMIC CONDITION AND OUTLOOK

The 2012 median household income is \$45,159. The household income levels of Carrboro break roughly into the following: 28% earn less than \$25,000 a year; 27% make between \$25,000 and \$50,000 a year; and 45% make more than \$50,000 a year.

Employment levels in Carrboro reflected national and statewide trends with a decrease in the unemployment rate from 5.9% in 2012 to 4.2% in 2013. The unemployment rate for Orange County was 4.7% in 2012 and decreased to 4.2% in December 2013, well below the state unemployment rate of 6.9%. With the University of North Carolina at Chapel Hill, the University of North Carolina Health Care System, and Research Triangle Park in close proximity to the Town, the local employment base is relatively stable and contributes to the Town's economic state.

The Town relies on a largely residential tax base to provide services. The commercial base is primarily retail with some service-oriented businesses. Major employers within Orange County (those with 450 or more employees) reflect the dominance of the professional services and retail sectors. The Town continues to experience modest growth and is considered to be a desirable place to live and work.

Long-term debt for the Town is currently \$14.6 million, an increase of 4.5% or \$623,657 over the prior year. This increase was primarily due to other post-employment benefits and the first full year of debt service for the \$4.6 million general obligation bonds issued in January 2013. The Town had debt retirement for this fiscal year with principal repayment of \$1,066,150 and debt retirement of \$599,483 related to vehicles and equipment debt. The additions to debt during 2014 total \$498,822 for vehicles and equipment.

For a more comprehensive analysis of the Town's capital needs and future financing, please consult the Town's Capital Improvements Program available on the Town's website. The potential impact on property tax rates of capital projects will be affected by the timing of the implementation of the proposed projects, availability of other revenue sources, and/or cost savings to fund the projects.

MAJOR TOWN INITIATIVES

As noted above, the Board of Aldermen has established strategic priorities for the Town with the ultimate goal of creating and maintaining Carrboro as a sustainable community that is a highly desirable place to live. These strategic priorities are considered long-term goals and some noteworthy accomplishments include:

- The Town has constructed 22 sidewalks covering 7.72 miles, completed construction of the Wilson Park Multi-Use Path, and completed design of the Homestead-Chapel Hill High School Multi-Use Path. Town residents approved \$4.6 million of general obligation bonds in a referendum in November 2003 to construct sidewalks and greenways throughout the Town to increase the safety and convenience of walking.
- The Town has been awarded a Silver Award by the League of American Bicyclists as a Bicycle-Friendly Community (BFC). The award is presented to communities that are committed to bicycling, provide safe accommodations and facilities for bicyclists, and encourage bicycling for fun, fitness, and transportation. This award is valid through 2014.

- The Town received a “Safe Routes to Schools” grant to help local elementary school kids walk, bike, and avoid vehicle trips as much as possible. This award was used to construct a sidewalk on Elm Street, which is located near Carrboro Elementary School and was completed in 2012.
- The Town received a Clean Fuel Advanced Technology Grant from the North Carolina Solar Center at North Carolina State University to assist with the purchase of a hybrid solid waste truck.
- In FY 2007-08, the Town enlisted in the North Carolina League of Municipalities “Green Challenge,” agreeing to participate in the Greenhouse Gas Emission Inventory and Reduction effort to reduce the carbon footprint; and to assess the Town’s energy efficiency through the U.S. Environmental Protection Agency’s “Energy Star Challenge” that involves reviewing and reducing utility consumption in Town facilities, streetlights, and fuel usage.
- The Town has been awarded a Community Development Block Grant - Small Business and Entrepreneurial Program grant by the North Carolina Department of Commerce for construction of the Roberson Street Sewer Project and business training and education activities. Matching funds for this grant are provided by the Town and Orange County.
- The Government Finance Officers Association (GFOA) Distinguished Budget Presentation Award has been awarded to the Town for its FY 2013-14 budget document. It is the highest form of recognition in governmental budgeting.
- In 2013, the Town’s continued commitment to the environment was rewarded with its national designation as a Tree City USA Town for the 29th year.
- The Town has completed a grant from the Southeast Energy Efficiency Alliance, funded by the U.S. Department of Energy for an energy efficiency retrofit program for single-family residents, a multi-family residential energy pilot program, and creation of an Energy Efficiency Revolving Loan Fund for local businesses.

FINANCIAL INFORMATION

General Fund Balance

The Board has adopted a policy of maintaining a General Fund unassigned fund balance within a range of 22.5% to 35% of budgeted appropriations. When the General Fund unassigned fund balance exceeds 35%, the Town Manager may set aside an amount in assigned fund balance for transfer to Capital Reserves Fund for specific future capital projects. Should the unassigned fund balance in the General Fund fall below 20%, the policy requires the Town Manager to develop and implement a plan to rebuild the balance to 22.5% within one year.

For the year ended June 30, 2014 the General Fund unassigned fund balance is 43% of total General Fund expenditures. This is a reflection of management’s conservative approach to revenue projections in an uncertain recovering economy showing marginal or no growth. It is also a reflection of the numerous actions taken by the Town to adapt its operating budget, capital plans and financing to existing and anticipated financial challenges. The steps taken in this regard include reducing less vital operating expenses, increasing emphasis on economic development activities, and re-prioritizing or delaying capital expenditures.

Standard and Poor's Financial Services recently upgraded the Town's general obligation bond rating from AA+ to AAA. This is the highest credit rating indicating extremely strong creditworthiness and ability to meet financial obligations.

Budget Control

As required by North Carolina General Statutes, the Board of Aldermen adopts a budget ordinance prior to the beginning of each fiscal year. All governmental units are required to adopt a balanced budget by July 1 of each year. The budget ordinance adopted by the Board creates a legal limit on spending authorizations at the functional level. Through the use of a requisition encumbrance and purchase order system, the adequacy of available funds are ensured prior to the placement of orders and/or award of contracts.

Public input and review of the budget prior to adoption by the Board is encouraged. The fiscal budget is prepared by the Town Manager for a one-year fiscal cycle beginning July 1 and ending June 30 of the following year. The Town holds two public hearings, one to receive community input prior to presentation of the Manager's recommended budget and a legally mandated one following presentation of the Manager's recommended budget to the Board. Prior to the adoption of an annual budget, the Board may hold budget work sessions on the Manager's recommended budget. The adopted budget document is available at the Town Clerk's office and the Town's website for review.

Internal Controls

In order to provide a reasonable basis for making these representations, a comprehensive internal control framework has been designed in developing and maintaining the Town's accounting system. These internal accounting controls are designed to provide a reasonable, but not absolute, assurance regarding:

- 1) Safeguarding of assets against loss from unauthorized use or disposition;
- 2) Reliability of financial records for preparing financial statements in conformity with accounting principles generally accepted in the United States of America and maintaining accountability of assets;
- 3) Effectiveness and efficiency of operations; and
- 4) Compliance with applicable laws and regulations related to federal and state financial assistance programs.

The concept of reasonable assurance recognizes that the cost of control should not exceed the benefits to be derived, and the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework. We believe that the Town's internal accounting controls reasonably achieve the above objectives and provide reasonable assurance of proper recording of financial transactions.

OTHER INFORMATION

Independent Audit

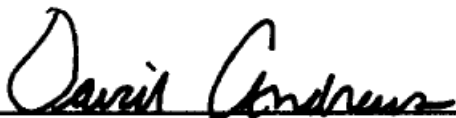

North Carolina General Statutes Chapter 15, the Local Government Budget and Fiscal Control Act, requires that units of local government have an annual audit by independent certified public accountants. The accounting firm of Dixon Hughes Goodman LLP was selected by the Board and performed this audit. The auditors' report on the basic financial statements, and combining and individual fund statements and other schedules are included in the financial section of this report. The auditors' reports on internal controls and compliance with applicable laws and regulations are included in the compliance section.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded, for the tenth consecutive year, a Certificate of Achievement for Excellence in Financial Reporting to the Town of Carrboro for its Comprehensive Annual Financial Report issued for fiscal year 2012-13. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to GFOA program standards. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program requirements and we will submit our CAFR for the fiscal year ended June 30, 2014 to the GFOA to determine its eligibility for another year. The Certificate Program managed by the GFOA was established in 1945, and is designed to recognize and encourage excellence in financial reporting by state and local governments. Further information about the Certificate Program can be obtained by visiting GFOA's website at: www.gfoa.org. The GFOA reports a growing awareness that the annual financial report should be management's report to its governing body, constituents, oversight bodies, resource providers, investors, and creditors. We agree with this direction and, in keeping with our past practice, have made available a copy of this report to each of you, Town departments, bond-rating agencies, the North Carolina Local Government Commission, and other financial institutions that have expressed an interest in the Town's financial affairs.

Preparation of this report would not have been possible without the hard work and dedication of the Finance Department Staff. Other departments of the Town have contributed directly or indirectly in the preparation of this report, and their cooperation and continued assistance is appreciated.
